BFX for z/OS (H211) Release 1.7 is a feature release upgrade on Release 1.5 and is available for download. This release is available as a no-charge upgrade to current H211 customers of record.

At the time of this announcement, H211 Release 1.7 supports installation and operation on S/390 systems that are running any supported level of z/OS up to z/OS 2.1. Check for support of future operating system levels at www.netex.com by clicking on the 'Support' tab, then selecting 'IBM S390/zSeries' under 'Products', then viewing the 'IBM S390/zSeries' product section.

FEATURES/ENHANCEMENTS ADDED WITH H211 RELEASE 1.7

The following features have been added with H211 Release 1.7:

- Remote Hostname Substitution
- Echo BFX parameters specified on SEND and RECEIVE control statements to the BFX job log

OPERATIONAL/PROCEDURAL IMPACT

There are no operational or procedural differences between this version of BFX and previous versions. This version will interoperate with all versions of BFX.

DOCUMENTATION UPDATES

Updated H211 Release 1.7 documents:

- * H211 Bulk File Transfer (BFX) for IBM z/OS Operating Systems Memo-to-Users (1.7)
- * H211 Bulk File Transfer (BFX) for IBM z/OS Operating Systems Software Reference Manual (man-ref-h211-08).

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

Customers of record may download H211 Release 1.7 from Network Executive Software's download server. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (H211), and contact information, including a name and telephone number.

END OF SUPPORT

Support for all prior versions of H211 will end on March 31, 2015. This is consistent with our support policy of ending support for prior releases six months after either a new release or replacement product becomes generally available.
