Secure BFX for z/OS (H215L) Release 1.3.1 is a maintenance product release and is available for download.

At the time of this announcement, H215L Release 1.3.1 supports installation and operation on zSeries systems that are running any supported level of z/OS up to z/OS 2.3. Check for support of future operating system levels at www.netex.com by clicking on the 'Support' tab, then selecting 'IBM z Systems zOS' under 'Products', then viewing the 'IBM z Systems zOS' product section.

FEATURES/ENHANCEMENTS ADDED WITH H215L RELEASE 1.3.1

H215L Release 1.0 was a new product. It is equivalent to the non-secure H210IPz/H211 products but is NOT compatible or interoperable. Most notable with this product line is the ability to securely transfer jobfiles and/or user data. This release supports deployments with legacy NetEx Requester products that use the multihost feature.

This release adds a new initialization message.

OPERATIONAL/PROCEDURAL IMPACT

Refer to the Software Reference Manual for operational processes. This version will only interoperate with versions of Secure BFX and requires H214 Secure NetEx/IP for z/OS.

DOCUMENTATION UPDATES

New H215L Release 1.3.1 documents:

- * H215L Secure Bulk File Transfer (BFX) for IBM z/OS Operating Systems
Release 1.3.1 Memo-to-Users
- * H215 Secure Bulk File Transfer (BFX) for IBM z/OS Operating Systems
Release 1.3.1 Software Reference Manual.

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the ‘Support’ tab, then selecting your hardware platform under ‘Products’, then clicking on ‘Updates’ in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

Customers of record may download H215L Release 1.3.1 from Network Executive Software’s download server. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (H215L), and contact information, including a name and telephone number.

END OF SUPPORT

In accordance with our policies, end-of-support for H215L 1.3 will be May 9, 2021.
