Secure PFX Receiver for z/OS (H216R) Release 1.6 is a maintenance release which is functionally equivalent to PFX-R 1.4 and is available for download.

At the time of this announcement, H216R Release 1.6 supports installation and operation on S/390 systems that are running any supported level of z/OS up to z/OS 2.4. Check for support of future operating system levels at www.netex.com by clicking on the 'Support' tab, then selecting 'IBM S390/zSeries' under 'Products', then viewing the 'IBM S390/zSeries' product section.

FEATURES/ENHANCEMENTS ADDED WITH H216R RELEASE 1.6

This product is functionally equivalent to H212R 1.4 but provides secure transfers and must be used with H214 1.5.3 specifically.

OPERATIONAL/PROCEDURAL IMPACT

Secure PFX-R for z/OS (H216R) Release 1.6 is functionally equivalent to PFX-R (H212R 1.4), however requires Secure NetEx/IP (H214 Release 1.5.3) to maintain the connection. Therefore, to interoperate with all other PFX-T products, the existing Requester product communicates with the Secure TNP (and Secure NetEx/IP) to maintain the secure connection for those platforms.

DOCUMENTATION UPDATES

H216R Release 1.6 documents:

- * H216R Secure Print File Transfer (PFX-R) for IBM z/OS Operating Systems Memo-to-Users (1.4)
- * H216R Secure Print File Transfer (PFX-R) for IBM z/OS Operating Systems Software Reference Manual. (1.4)

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

Customers may download H216R Release 1.6 from Network Executive Software's download server. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (H216R), and contact information, including a name and telephone number.

END OF SUPPORT

Network Executive Software's support policy ends support for prior releases six months after either a new release or replacement product becomes generally available. This release can only be used with H214 Release 1.5.3.
