November 30, 2014

NetEx/IP for Unisys OS2200 Systems (H300IPC) Release 7.4.3 is a maintenance release and is now available for download. This release is available as a no-charge upgrade to current H300IPC customers of record for the continued use of Ethernet connectivity to NetEx/IP networks.

At the time of this announcement, H300IPC Release 7.4.3 supports installation and operation on Dorado systems that are running any supported level of OS2200 up to 48R7. Check for support of future operating system levels at www.netex.com by clicking on the 'Support' tab, then selecting Unisys OS2200' under 'Products', then viewing the 'Unisys OS2200' product section.

FEATURES/ENHANCEMENTS ADDED WITH H300IPC RELEASE 7.4.3

- Maintenance release that consolidates the features and maintenance of all prior releases.
- Ability to utilize groups in the NCT and preserve the connecting hostname in the protocol to verify proper host connections (i.e., HOSTCHK in BFX).

OPERATIONAL/PROCEDURAL IMPACT

Refer to the Reference Manual and MTU for other operational and procedural impacts.

DOCUMENTATION UPDATES

New H300IPC Release 7.4.3 documents:

- H300IPC Memo to Users (MTU)
- H300IPC Software Reference Manual

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

H300IPC Release 7.4.3 can be downloaded from Network Executive Software. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (H300IPC), and contact information, including a name and telephone number.

END OF SUPPORT

Prior H300IPC Releases

Consistent with our support policy and in alignment with previous release announcements, support for prior releases of H300IPC will end as follows:

<u>Release</u>	<u>End-of-Support Date</u>
Release 7.4.1	January 1, 2015
Release 7.4.2	June 1, 2015
