April 20, 2018

BFX Extended Mode for Unisys (H301e) Release 3.4.4 is a maintenance update for BFX (H301e Release 3.4.3) which immediately supersedes all prior releases, and is available on Network Executive Software's FTP site. This release is available as a no-charge upgrade to H301e customers of record.

At the time of this announcement, H301e Release 3.4.4 supports installation and operation on Dorado systems that are running any supported level of OS2200 up to 14.0 (R49). Check for support of future operating system levels at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting 'Unisys OS2200' under 'Products', then viewing the 'Unisys Clearpath & Dorado' product section.

#### FEATURES/ENHANCEMENTS ADDED WITH H301e RELEASE 3.4.4

- This is a maintenance release of the extended mode product. The most notable feature of Release 3.4.3/4 is the ability to efficiently send smaller segments to prevent IP fragmentation/reassembly on a network.

#### OPERATIONAL/PROCEDURAL IMPACT

The extended mode product is NOT interoperable with the H300IPC. H300e must be used in conjunction with this product.

In order to utilize the secure jobfile transfer, the SSL runtime libraries must be available at program run time. Refer to the Reference Manual and MTU for other operational and procedural impacts.

#### DOCUMENTATION UPDATES

New H301e Release 3.4.4 documents:

- H301e Memo to Users (MTU) (3.4.4)
- H301e Software Reference Manual (3.4.4)

Check for new versions of documentation at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

## RECENT UPDATES

Check for product updates at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

## DOWNLOAD PROCEDURE

H301e Release 3.4.4 can be downloaded from Network Executive Software. Download instructions can be obtained by contacting [support@netex.com](mailto:support@netex.com). Be sure to identify your company name in the request, the product being requested (H301e), and contact information, including a name and telephone number.

## END OF SUPPORT

### Prior H301e Releases

Consistent with our support policy and in alignment with previous release announcements, support for all prior releases of H301e will end as follows:

<u>Release</u>	<u>End-of-Support Date</u>
H301e (all)	October 20, 2018
