June 30, 2022

Together with H304 Secure NetEx/IP and Secure BFX Extended Mode for Unisys (H305) Release 1.3.11 is a comparable to BFX (H300IPC and H301/H301L) and is available on Network Executive Software's download site.

At the time of this announcement, H305 Release 1.3.11 supports installation and operation on Dorado systems that are running any supported level of OS2200 up to 19. Check for support of future operating system levels at www.netex.com by clicking on the 'Support' tab, then selecting 'Unisys OS2200' under 'Products', then viewing the 'Unisys Clearpath & Dorado' product section.

FEATURES/ENHANCEMENTS ADDED WITH H305 RELEASE 1.3.11

- This is a maintenance release of the extended mode Secure BFX product providing the ability to establish private/secure connections for jobfile transfers and/or data transfers.
- Corrections in user modules
- Refer to the MTU for specific details of this update.

OPERATIONAL/PROCEDURAL IMPACT

The extended mode Secure BFX product is NOT interoperable with H300e or H300IPC nor with any non-secure BFX products. H304 must be used in conjunction with this product.

The SSL runtime libraries must be available at program run time. Refer to the Reference Manual and MTU for other operational and procedural impacts.

DOCUMENTATION UPDATES

H305 Release 1.3.11 documents:

- H305 Memo to Users (MTU) (1.3.11)

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

H305 Release 1.3.11 can be downloaded from Network Executive Software. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (H305), and contact information, including a name and telephone number.

END OF SUPPORT

Consistent with our support policy and in alignment with previous release announcements, support for prior releases of H305 will end December 30, 2022.
