NetEx/IP for AIX (H620IP) Release 7.0.4 is a feature release, and is available for download. This release is available as a no-charge upgrade to H620IP customers of record but will require a new software key if upgrading from release prior to 7.0.1.

This release supports installation and operation on IBM Power Systems and System p servers that are running AIX 6.1 through 7.1.

FEATURES/ENHANCEMENTS ADDED WITH H620IP RELEASE 7.0.4

Refer to the Update Summary in the H620IP Release 7.0.4 Memo to Users for a description of new features and updates.

OPERATIONAL/PROCEDURAL IMPACT

H620IP Release 7.0.4 is a licensed product and requires a software license key to make it operational. Beginning with Release 7.0.1 customers of record must obtain a **new** software key from NetEx Software. Refer to the Prerequisites listed in the H620IP Release 7.0.4 Software Reference Manual for instructions on obtaining a software key.

DOCUMENTATION UPDATES

Updated product documentation:

* H620IP NetEx/IP for IBM AIX Operating Systems
