June. 30, 2013

NetEx/IP for Linux (H800IP) Release 7.0.1 is a maintenance release, and is available for download. This release is available as a no-charge upgrade to H800IP customers of record. If you are upgrading from a version older than 7.0.0 you will require a new software key.

This release supports installation and operation on x86 systems that are running SuSE SLES 10 SP4 and OpenSuSE 11.

#### FEATURES/ENHANCEMENTS ADDED WITH H800IP RELEASE 7.0.1

Refer to the Update Summary in the H800IP Release 7.0.1 Memo-to-Users for a description of new features and updates.

#### OPERATIONAL/PROCEDURAL IMPACT

H800IP Release 7.0.1 is a licensed product and requires a software license key to make it operational. Beginning with Release 7.0.0 customers of record must obtain a **new** software key from NetEx Software. Refer to the Prerequisites listed in the *NetEx/IP for UNIX Systems Release 7.0.1 Software Reference Manual* for instructions on obtaining a software key.
