January 1, 2011

PAM Distribution Utility (PAMDU) Release 1.0 is generally available and provides a mechanism for automatically distributing the NetEx/IP configuration data (NCT/PAMs) to NetEx/IP hosts. This utility supports zOS, Linux, Windows, HP-UX and Solaris NetEx/IP hosts. This release is available at no-charge to current (supported) NetEx/IP customers of record.

At the time of this announcement, PAMDU Release 1.0 supports installation and operation on S/390 systems that are running any supported level of z/OS up to z/OS V1R10, SuSE Linux, Windows Server 2008, HP-UX xxx, and Solaris xxx. Check for support of future operating systems and levels at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting 'PAMDU' under 'Products',

#### FEATURES/ENHANCEMENTS ADDED WITH PAMDU RELEASE 1.0

Since this is a new product, refer to the Reference Manual for features.

#### OPERATIONAL/PROCEDURAL IMPACT

As this is a new product, refer to the Reference Manual for operational and procedural impacts.

#### DOCUMENTATION UPDATES

New PAMDU Release 1.0 documents:

- \* PAMDU Product Reference Manual

Check for new versions of documentation at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

## RECENT UPDATES

Check for product updates at [www.netex.com](http://www.netex.com) by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

## DOWNLOAD PROCEDURE

Customers of record may download PAMDU Release 1.0 from Network Executive Software's ftp server. Download instructions can be obtained by contacting [support@netex.com](mailto:support@netex.com). Be sure to identify your company name in the request, the product being requested (PAMDU), and contact information, including a name and telephone number.

## END OF SUPPORT

Since PAMDU is a new product there is no end of support policy at this time. Our normal support policy ends support for prior releases six months after either a new release or replacement product becomes generally available.
