January 15, 2019

Secure TCP/IP NetEx/IP Proxy (TNP) for Linux on Intel x86 Servers (TNP804) Release 1.0 is a new product release and is available for download.

Refer to the Support Table on the www.netex.com support website for a listing of the various Linux distributions on which TNP804 has been tested.

FEATURES/ENHANCEMENTS ADDED WITH TNP804 RELEASE 1.0

This is a new product. Together with H804, it is equivalent to the non-secure H800IP product, licensed with the TNP feature, but is NOT compatible or interoperable. Most notable with this product line is the ability to perform secure transfers. This product works with all NetEx/IP Requester products.

Refer to the Update Summary in the TNP804 Release 1.0 Memo to Users for a description of new features and updates.

OPERATIONAL/PROCEDURAL IMPACT

Refer to the Software Reference Manual for operational processes. This version will only interoperate with versions of Secure NetEx/IP and the NetEx/IP Requester Products.

DOCUMENTATION UPDATES

Updated product documentation:
* TNP804 Secure TCP/IP NetEx/IP Proxy (TNP) for Intel x86 Platforms for Linux Memo-to-Users (1.0)
* TNPxx4 Secure TCP/IP NetEx/IP Proxy (TNP) Release 1.0 Software Reference Manual

Check for new versions of documentation at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Docs' in the entry for this product release.

RECENT UPDATES

Check for product updates at www.netex.com by clicking on the 'Support' tab, then selecting your hardware platform under 'Products', then clicking on 'Updates' in the entry for this product release. If any updates are listed, follow the installation recommendations.

DOWNLOAD PROCEDURE

Customers of record may download TNP804 Release 1.0. Download instructions can be obtained by contacting support@netex.com. Be sure to identify your company name in the request, the product being requested (TNP804), and contact information, including a name and telephone number.

END OF SUPPORT

This is a new product and therefore there is no impact on current products end of support.
